

PREFACE

This research was initiated in response to RPR 74-23 under work unit 20770401, Development of an Advanced Pre-enlistment Person-Job Match System for Air Force Enlistees for use in the All-Volunteer Environment, and was completed under work unit 20770407, Development of an Advanced Post-Enlistment Person-Job Match System. The authors are indebted to numerous individuals throughout the Department of Defense. Major inputs to the system design were provided by the following Air Force Recruiting Service personnel: Lt Colonel Jack Tillman, Lt Colonel Gordon Markham, Captain Harry Haltman, and Mr. Bob Cantu. Also, Captain Thomas Van Sweringen of the Air Force Manpower and Personnel Center provided major inputs to the system design.

Special technical and consultation support was provided by the following Air Force Human Resources Laboratory personnel: Dr. Raymond Christial (AFHRL/OR), Sgt Henry McLin (AFHRL/ORS), and Sgt John L. Stifle (AFHRL/SMAZ).
